1000 LANDSCAPES FOR
1 BILLION PEOPLE

Achieving the SDGs in every landscape: deeply inter-dependent

1000 LANDSCAPES FOR
1 BILLION PEOPLE

Landscape coalitions and partnerships for collaborative action

**1000 LANDSCAPES FOR
1 BILLION PEOPLE**

A global movement: sustainable development through integrated landscapes

**428 landscape
initiatives
documented
2014-2017**

**1000 LANDSCAPES FOR
1 BILLION PEOPLE**

But... landscape partnerships face systemic barriers to achieve their goals

- Information and expertise for landscape-scale partnerships is scarce, costly and difficult to access
- Local stakeholders' vision and priorities are undermined by top-down development strategies
- Landscape partnerships are unable to mobilize finance for investment at scale

**→ 1000 Landscapes for 1 Billion People:
A radical collaboration for transformative change**

Our Partners

Our Funders

1) Terraso: a shared tech platform

**1000 LANDSCAPES FOR
1 BILLION PEOPLE**

2) Strengthened institutions to develop landscape leadership and portfolio investments

**1000 LANDSCAPES FOR
1 BILLION PEOPLE**

3) 1000L Global Action Network of landscape partnerships

**1000 LANDSCAPES FOR
1 BILLION PEOPLE**

4) Mainstreaming integrated landscape finance approaches

**1000 LANDSCAPES FOR
1 BILLION PEOPLE**

The goal: Build and fund integrated landscape investment portfolios

LONG-TERM DEBT FUNDING

for local government to build and repair 50 km of roads and railways to connect sustainably produced products to market

20-YEAR LOAN

for a private developer to build 5,000 units of safe, healthy, affordable housing near transportation hubs

SHORT-TERM GRANTS

to upgrade 5 local health centers

10-YEAR DEBT FUNDING

to a company restoring 5,000 ha of upland forest with a combination of cash and carbon credit returns

EQUITY INVESTMENT

in sustainable aquaculture company benefiting from the restored river

MIX OF

GRANTS & LOANS

to restore riparian vegetation along 50 km of a river on lands owned by local companies, government parkland, and smallholder farms

GRANT FUNDING

for a multistakeholder platform to develop a strategic plan for the landscape and lead monitoring efforts

5-YEAR LOANS

for 10,000 farmers to establish 40,000 ha of agroforestry on degraded land

EQUITY

INVESTMENT

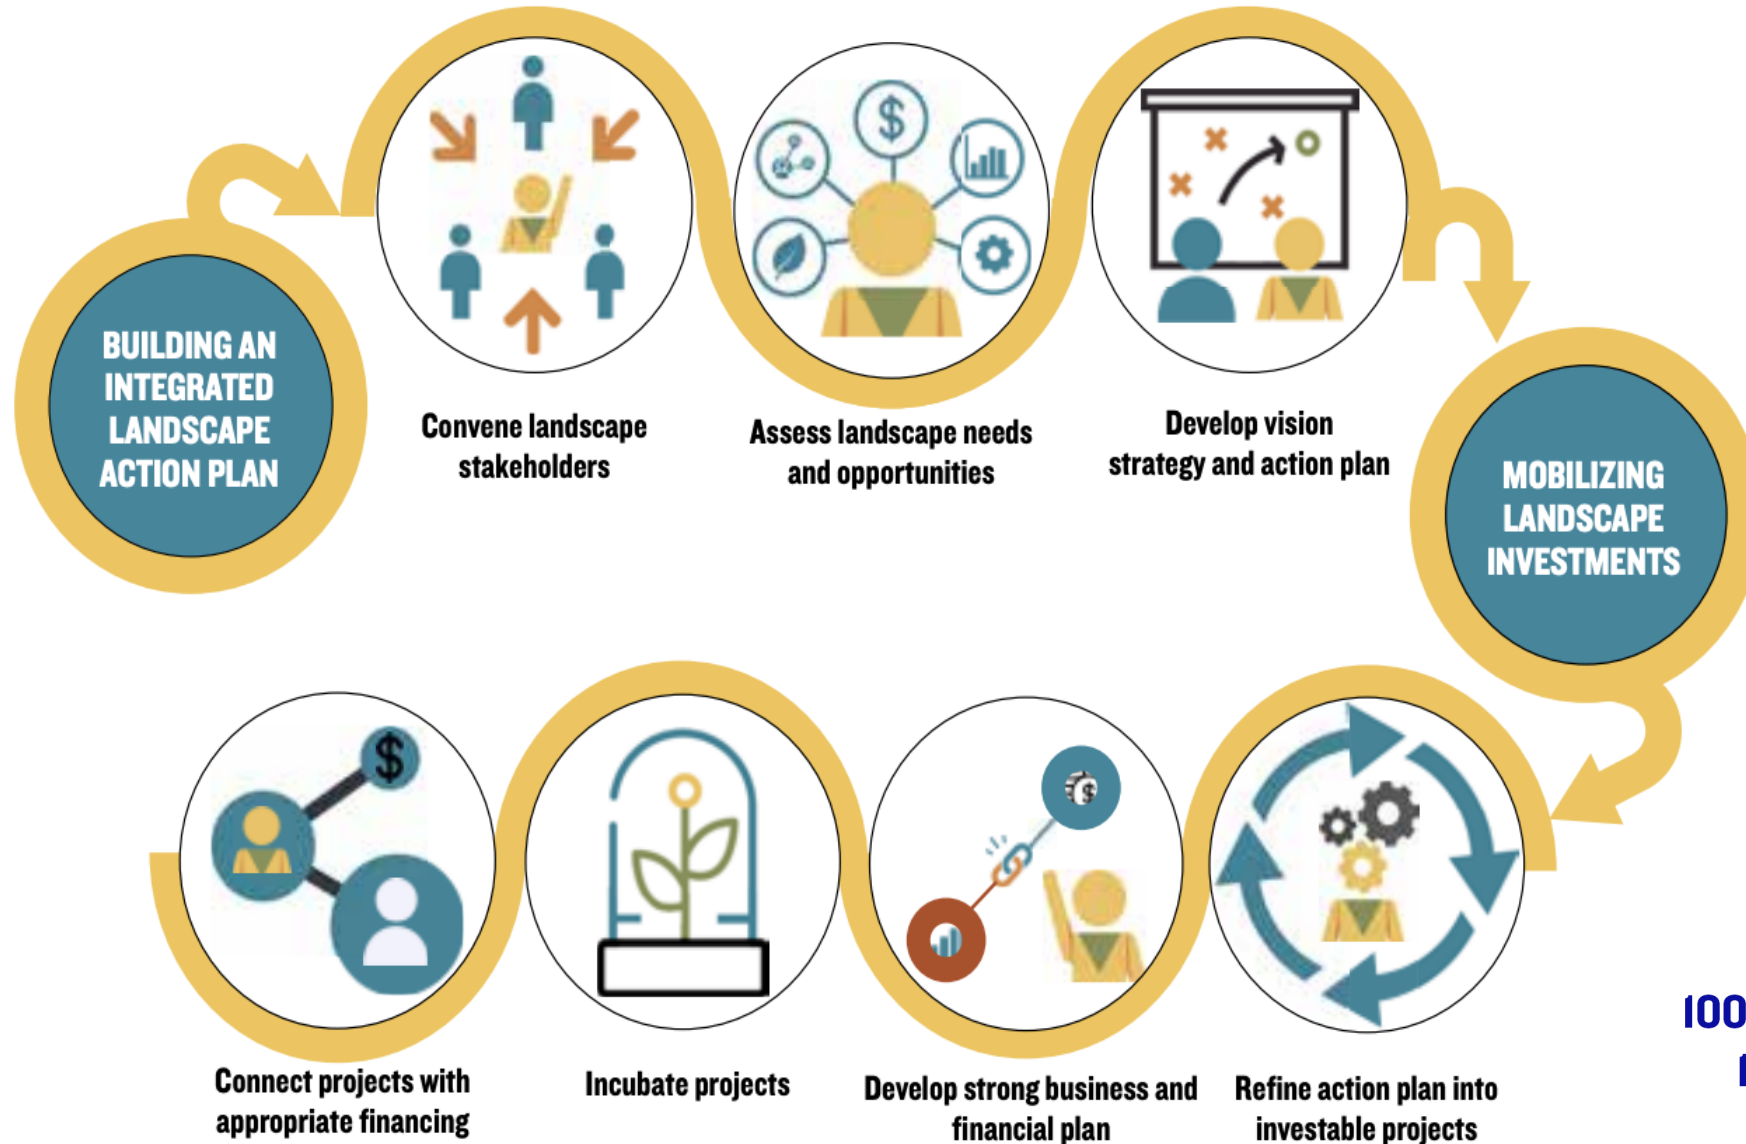

in an energy company to build 500 MW of solar and wind energy capacity

GRANT FUNDING

for a sustainable landscape incubator to support the development of businesses aligned with landscape objectives

**1000 LANDSCAPES FOR
1 BILLION PEOPLE**

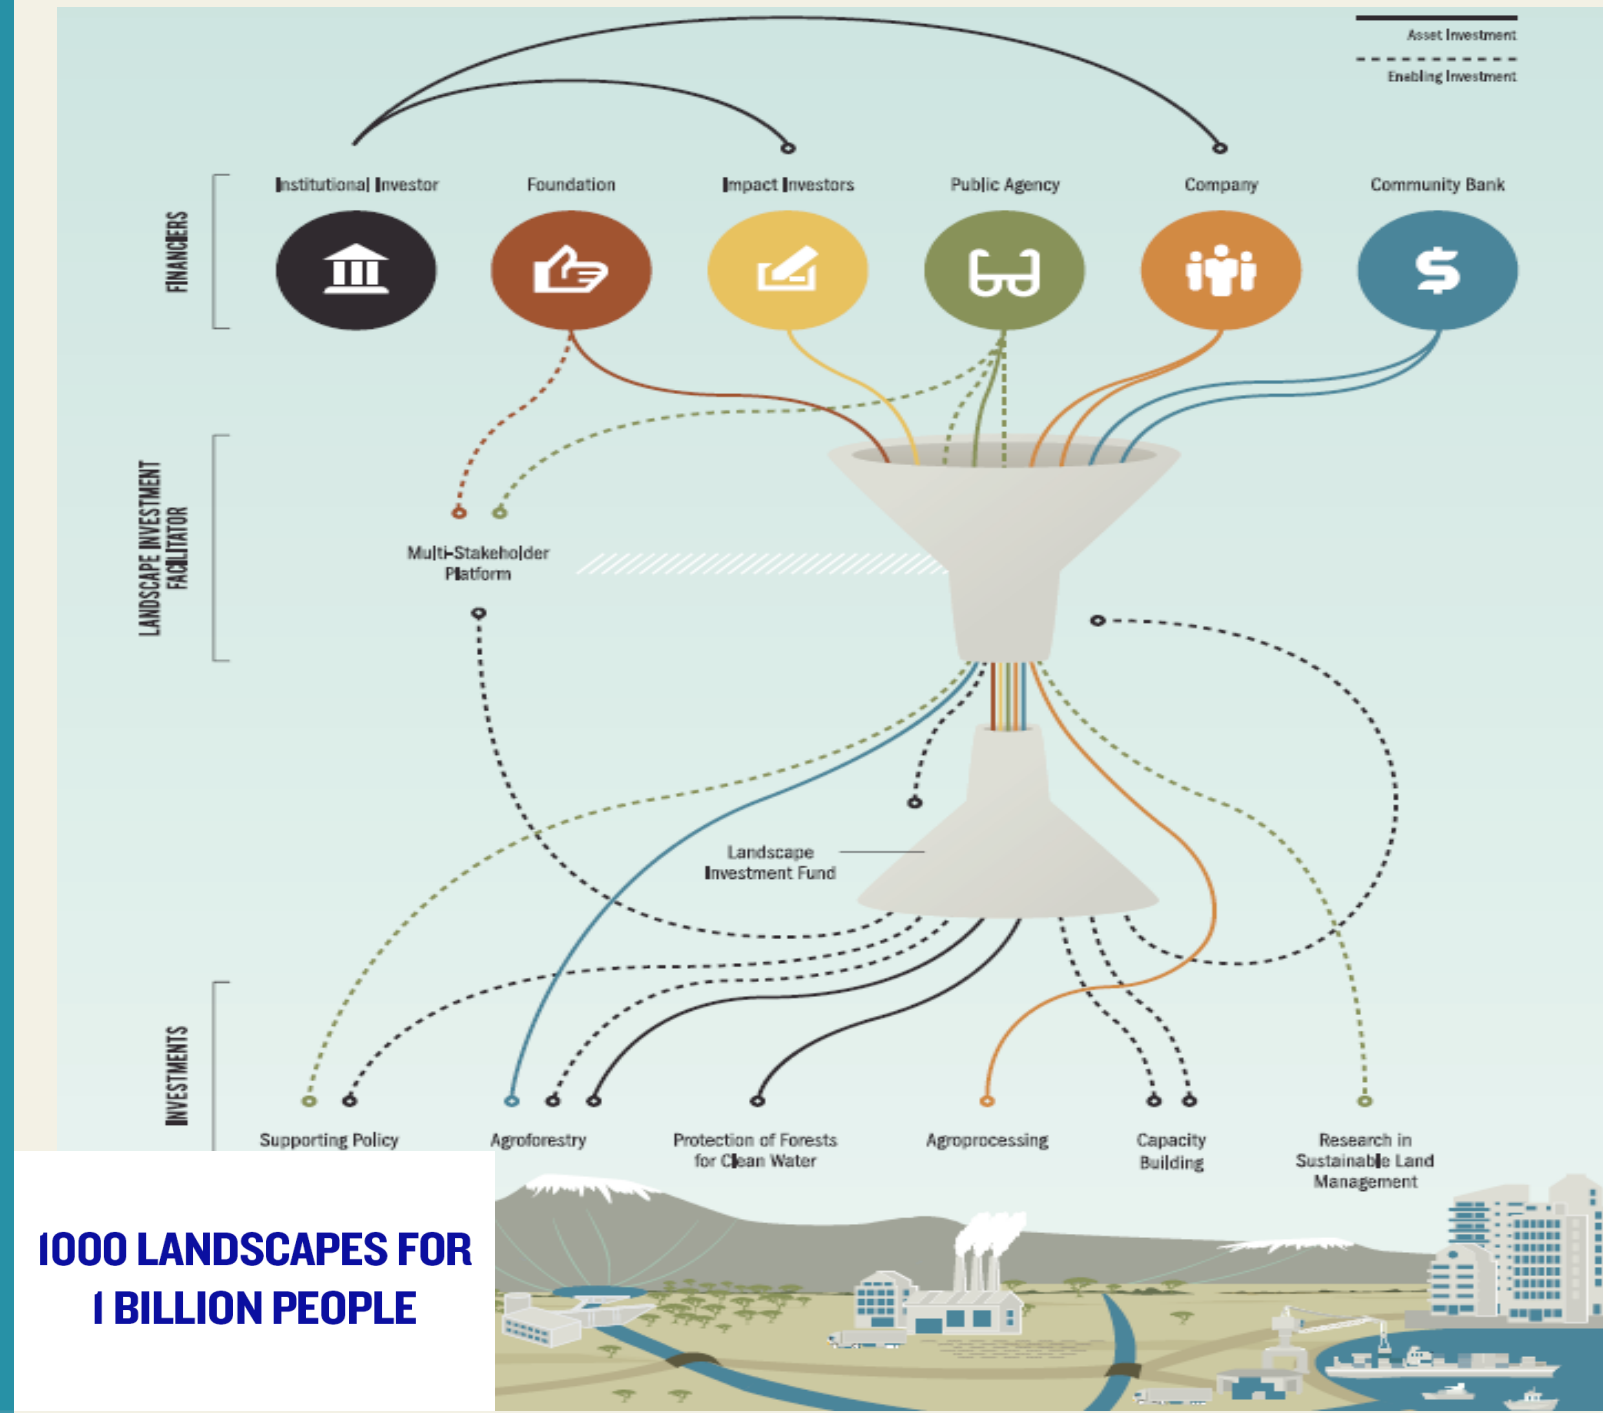

Challenge #1: Building a pipeline of landscape projects

**1000 LANDSCAPES FOR
1 BILLION PEOPLE**

Challenge #2:

Finance mechanisms that support the full integrated portfolio

1000 Landscapes Finance Design Team: Progress 2019-20

- 1) Consulted landscape partnership users to refine Landscape Investment and Finance Toolkit (LIFT 2.0)
- 2) Surveyed models for multi-sector, multi-project landscape finance – 25 vehicles & 16 support services
- 3) Began to design a grant fund to finance landscape partnership development and investment portfolios
- 4) Developed the methodology for an Integrated Landscape Investment Model (ILIM)
- 5) Reviewed training curricula on landscape finance
- 6) Consulted with over 60 finance leaders about their experience and perspectives with landscape finance
